## Focus On: INTEGRATIVE APPROACHES

THE NORTHWEST FILM CENTER, a component of the Portland Art Museum, is a regional media arts resource and service organization founded in 1972 which administers a year-round EXHIBITION PROGRAM of foreign, classic, experimental and independent work showcasing an array of regional, national and international cinema and video art. The Film Center's statewide YOUNG FILMMAKERS PROGRAM, now in its 33rd year, places professional media makers in school and community settings throughout Oregon for hands-on learning experiences in film/video and animation production. The program also produces the annual YOUNG PEOPLE'S FILM & VIDEO FESTIVAL, a juried survey of work by students grades K-12 from the Northwest region. The Center's SCHOOL OF FILM is the region's largest community-based curriculum in filmmaking, video production, animation and screenwriting, serving emerging and professional film and videomakers as well as individuals seeking professional development and personal enrichment.
